

Domain 1

Instead of a single Handout, this link (or QR code) below will have a few different resources associated with this class.

For Domain 1 there is the slide deck, an older slide deck and a photo atlas of eye conditions. All should be valuable for learning and review for the examination.

This material is for the attendee for Vision Expo 2026 ONLY. It is not to be copied, duplicated or shared with others outside of this class.
